### Introduction

The most dangerous **sinkhole** in the world is not the one outside in the street, the most dangerous sinkhole in the world is the one inside our human heart – **SIN**.

1. **Consequences of sins**

- 1.1. Personal guilt & shame.      1.2. Separation from God & blessings  
1.3. Separation from loved ones    1.4. Sin begets sin

2. **Confession of sins**

True repentance requires complete change of mind, heart & conduct.  
True repentance is God-centred & does not permit repetition.

3. **Cover up of sins**

Don't be stubborn but turn to God who is faithful to forgive our sins when we confess & repent.  
The blood of Christ shed on the cross took away all our sins & purifies us from all sins. Rejoice & be glad.

### Conclusion

**Matthew 11:28** NLT Then Jesus said, “**Come to me, all of you who are weary and carry heavy burdens, and I will give you rest.**”
